

XDH10TT1-WE

Triple technology PIR Detector

Valid for exterior use

2 x infrared PIR, 1 x Microwave

Wireless 868 MHz encrypted Enforcer

Detection range 10 m / 85°

Certificate Grade 2

Pyronix

PIR perimeter detector for outdoor

Bidirectional - Grade 2 approved

Wireless 868 MHz encrypted Enforcer

Internal antenna range open space 1600 m

Triple technology: 2 IR, 1 microwaves

Detection (at 2.4 m): Range 10 m / Speed 0.25~2.5 m/s

Curtain type

Pet immunity < 10 Kg

Double tamper

Adjustable sensitivity

Valid for exterior use

Power supply 2 batteries 3.0 V 4700 mAh (estimated duration 3 years)

Specifications

Brand	Pyronix
Technology	2 x PIR and 1 x Microwaves
PIR lens	85 degrees, 5 levels, 78 zones.
Detection range	10m / 85° when installed at 2.4m (H)
Pet immunity	? 10 Kg
Transmission frequency	868 MHz
Transmission distance	1600 m
Sensitivity	Adjustable Automatic or High
Detection speed	0.25~2.5 m/s
Tamper switch	Front & Rear
Power supply	2 batteries 3.0V 4700mAh
Temp. operation	-30° C ~ 60° C
Dimensions (without support)	190 (H) x 82 (W) x 82 (D) mm
